Technical Services

We were there for you when you bought it, we're here for you when you need service. For over 60 years, Barbizon has been a leader in providing equipment to the entertainment lighting industry. In all that time, we've also been a leader in supporting the gear that keeps the industry moving. From moving light repair to console training; from rigging inspections to dimmer maintenance, we're here for you. As equipment budgets tighten, it's more important than ever to keep the gear you own working. Let our experienced technical services folks help you.

Contact your local Barbizon office to ask about an annual maintenance visit or check out our repair shop today. While you're there, let us know if you need more training on your system. Odds are, we have an expert in our pocket.

BARBIZON
LIGHTING COMPANY

Technical Services

**Equipment, Expendables,
Systems, and Rigging
for Entertainment and
Architectural Lighting**

Atlanta | Boston | Charlotte | Chicago | Dallas
Denver | Miami | New York | Orlando | Phoenix |
Washington D.C. | London | Sydney

Sometimes things don't go right. Equipment needs maintenance, wears out, or simply fails. Sometimes things need a little TLC to make sure they keep working. Sometimes you have new people who need training on your equipment to fully utilize your system. Sometimes you just need a little help.

We've got factory-certified technicians who can troubleshoot your system when bad things happen right before curtain. We've got experienced console operators who can teach that new kid how to get the most out of your light board. We've got veteran repair techs who can give your system an annual once-over to make sure every production goes off without a hitch.

Programming

Barbizon has staff and freelance programmers that can come to your facility and program your lighting design for easy playback. At your service we have:

- Professional Programmers for virtually all consoles
- Custom Graphic User Interfaces
- Advanced Architectural Lighting
- Programming

- Console Programming
- Stagehands for Load-In/Out or Performances

"Barbizon is one of the best and easiest to work with."

Inga Birkenstock

Architect – Microsoft Envisioning Center

"Tallowood's lighting and rigging infrastructure would not exist without Barbizon's influence and direction throughout the planning, implementation, and commissioning process. We now have a lighting and system rigging system that can easily grow and expand into the future."

Gary Revis

Tallowood Baptist Church - Houston, TX

"Our lighting and dimming equipment is dated and a challenge to keep up and running, yet you are right there to assist our needs. It has been especially helpful that you will meet with my electricians at the site to perform repairs and provide information to them and school drama instructors."

Chris Mueller

Charlotte Mecklenburg Schools - Charlotte, NC
